

What should you consider when exporting food and drink?

1

Time

Are your goods perishable? If so, your supply chain needs to be:

- Quick
- Regular
- Reliable

2

Temperature

Do your goods need to be shipped at a specific temperature? We have:

- A trusted network of cold chain warehousing
- Bespoke shipping criteria
- Thermal wrapping for air freight

3

International Regulation

What regions are you shipping to and from? We have knowledge of:

- Phytosanitary certificate requirements
- Products Of Animal Origin rules
- Packaging specifications

Ship your food and drink produce with Wallis Shipping.
